

GC Central Property Owners Association Accepting Applications for High School Student Ambassador

While current high school sophomores are home during this period, please consider giving back to your community!

The GC Central Property Owners Association (CPOA) Student Ambassador Program and is a vital part of the CPOA. Started in 1999, the program is an ongoing joint venture between resident Garden City junior/seniors and the CPOA. The Student Ambassadors learn how the Garden City village government operates by attending Village meetings. They are challenged to get involved in important issues facing the Village by committing to a service project and presenting their work at CPOA meetings. Our current Ambassadors are Dean Trapani and Griffin Minuto.

Applications are being accepted between April 1-30 from current high school sophomores who live in Garden City. The term will be the student's junior and senior years in high school. The application can be found on the CPOA website (gccpoa.org). A brief phone or video interview with CPOA Directors is required (preference will be given to those who reside in the Central Section).

Contact Evelyn Fasano (efasano2001@yahoo.com) or Pat Cunningham (cunningham49@verizon.net) with questions and to submit your application.
